Company Profile

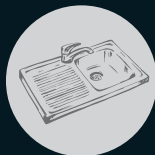

KRISHNA CUTLERY WORKS was incorporated in 1997 and is headquartered in New Delhi, India. We are one of the India's leading manufacturers of high quality stainless steel kitchen sinks under the trademark of CROCODILE.

Combined with years of invaluable operating experiences and technical know-how in the kitchen sink industry, we launched a totally new concept of HANDMADE SINK SERIES. CROCODILE offers a line of kitchen sinks that embodies the latest contemporary lifestyles with world-class quality standards and innovative product features.

KWC's state of art integrated manufacturing facility spread over 50,000 sq. ft. is located in Bawana Industrial Area, New Delhi, India. Our manufacturing facility is self-sufficient; as it has in-house design deep draw press lines, sheet metal fabrication, complete assembly from test laboratory, and IT department. All departments are equipped with the latest and relevant machinery, equipment, hardware and software support. What more, our customer support team serves customers effectively and efficiently 24*7.

LAUNCH IN MARKET

“ THE TECHNOLOGICAL EDGE

The hallmark of the organisation’s achievements and growth has been its ability to develop, adapt and adopt the latest technology, to match the demands of a dynamic and burgeoning Indian industry. Seeing doors where others see walls, Crocodlie explores new ideas and attempts breakthrough products and processes. For instance, tracking and adopting the latest in world technology, anticipating customer needs with cost-efficient, reliable solutions, and promoting engineering skill and manpower calibre. Crocodlie’s tech capability has given it an edge over others.

SCRATCH GUARD

Sinks are specially supplied with plastic guard so as to protect it while installation, thus no cement or other particles can damage the sinks. After completion of installation just peel off the plastic film from the sink, which retains the sparkling finish, not a stain on its beauty.

SOUND DAMPING PAD

The power of silence can only be understood by Crocodlie noise proof technology which reduces resonance of utensils by more than 60% giving noise – free environment.

UNDER COAT

Crocodlie sinks have Anti Corrosive coating. The main advantage of this special feature are that it absorbs sound, protects against condensation build-up inside kitchen furniture, increase the sink’s life and helps to maintain sink water temperature

RESEARCH & DEVELOPMENT

Since inception, Crocodile has come a long way. Today, the company is a name to reckon with, in the Indian industry. This futuristic corporate is equipped with world-class technology to manufacture products matching international standards.

Widest range of best in class Kitchen Sinks

FEATURES:

1. BEST QUALITY

We provide 100% genuine products with super quality assurance. Quality is one of the main reasons contributing to the success of our company.

2. REASONABLE PRICE

Our products are available in reasonable price according to your budget. Our dedicated management team works full time for our client.

3. CLIENT SATISFACTION

Our main focus is to give 100% satisfaction to our clients with other products. We offer to our all clients a superior quality of kitchen sinks.

SINCE 1997 PROVIDING BEST SERVICES

The reasons to choose us :

1. Our company has been founded on the principle of using quality and hygienic ingredients in all of our products.
2. We have a laboratory setup with ultra modern, state-of-the-art equipment and infrastructure which is involved in the testing of the raw material.
3. The manufacturing process has been carefully segregated into the production quality testing administrative and other departments.
